

NewsLetter

March 2026

Spring is here, bringing a renewed sense of possibility and a welcome chance to refresh and reset.

Our newly branded website has officially launched, and we're excited for you to explore this next step in our journey.

Across all our centres, we're continuing to make thoughtful upgrades and improvements to create spaces that feel modern, welcoming, and aligned with our community's needs.

We're stepping into this new season with positivity and purpose, ready to embrace fresh opportunities and shared progress.

Cyber Security - Prevent & Protect

Canterbury Innovation Centre will be hosting an upcoming cyber security workshop. Further details, including dates and times, will follow soon.

Website Upgrade

We're excited to share that our website upgrade is currently in progress.

The update will bring all our centres under one roof for a smoother experience

Virtual Dog Show 2026

To every single tenant who took part in our Virtual Dog Show we would like to say a huge thank you!

Your enthusiasm, your photos, and your generosity have made our first event of the year something truly special.

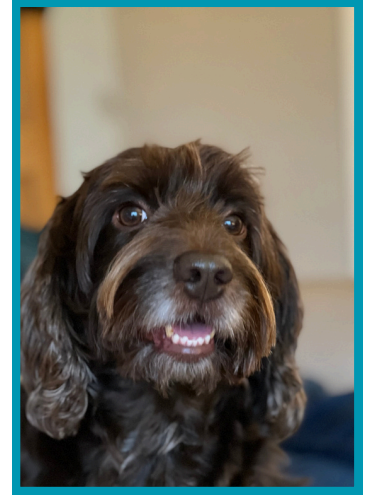

What began as a fun way to celebrate our four-legged friends has turned into a powerful act of collective kindness. We're incredibly proud of what we've achieved together.

And now, the moment you've all been waiting for, our winners. We're delighted to share them with you:

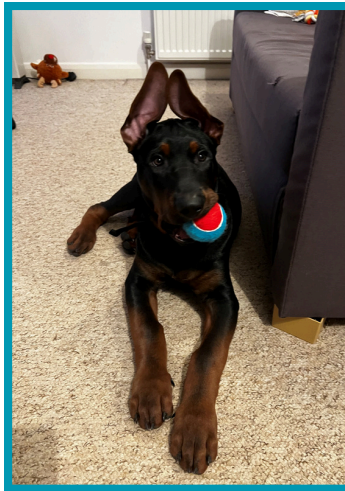

🏆 RAVEN

Most Gorgeous Girl

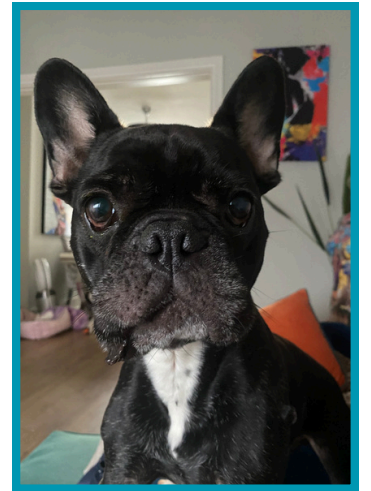

🏆 BASIL

Most Handsome Boy

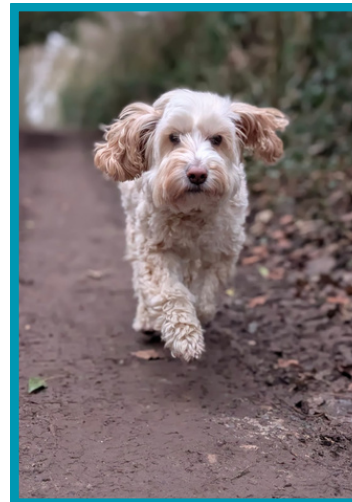

🏆 HUGO

Pawesome Puppies

🏆 KEO

Best Rescue

🏆 MIFFY

Golden Oldies

First Aid Training

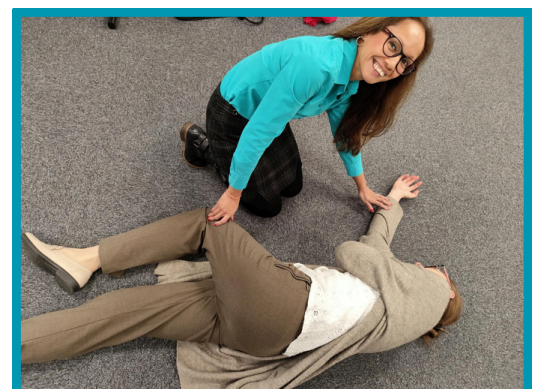

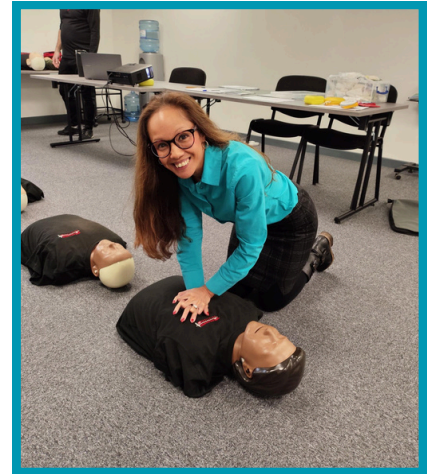

We were delighted to host a First Aid training session at Clover House, where our Assistant Manager, Sabrina, and Canterbury Innovation Centre Manager, Catherine, both took part in a full day of hands-on learning.

The course was delivered by Ross from R&R Training, a returning external tenant who continues to make excellent use of our dedicated training room and on-site facilities.

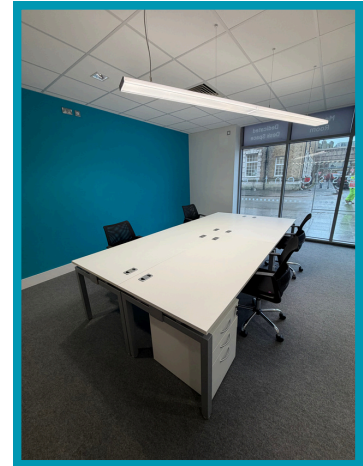

Ross brings a wealth of experience and delivers engaging, practical sessions that leave attendees feeling confident and well-prepared for real-world situations.

It's always a pleasure to welcome Ross back into the building, and we're proud to see our spaces being used to support essential skills development for both our teams and the wider community.

Sabrina and Catherine represented their centres brilliantly, and we're thrilled to see them investing in training that helps keep our workplaces safe, supported, and ready for anything.

Bouverie House Open Day.

✨ Open Day at Bouverie House

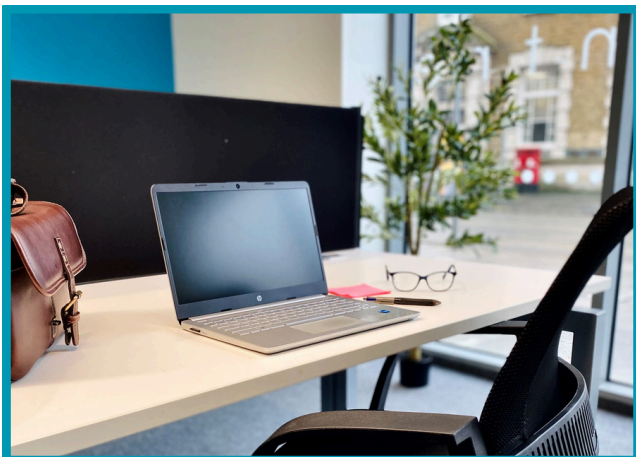

Step inside Bouverie House and see how our spaces can support your business journey.

Join us for a relaxed coffee and chat, explore our new dedicated desk spaces, and take a tour of our facilities designed to make work feel effortless.

 Date & Time: 8th April 2026 at 2pm

 Free entry – just pop in!

Property Updates

Clover House

New doors have been installed, giving the building a refreshed look and smoother access.

Solar panels are being fitted, helping us take another step toward greener, more sustainable operations.

Updated signage is on the way to make navigation clearer and the building even more welcoming.

Bouverie House

Exciting changes are on the way. A brand-new breakout area is coming soon to the first floor, giving everyone a bright, comfortable space to unwind or collaborate.

We'll also be hosting a launch event for the new dedicated desk space.

Canterbury

The next phase of our bathroom refurbishments is about to begin, bringing fresh upgrades to the building.

We're delighted to share that the veranda area is now open! Perfect for a breath of fresh air or a change of scenery during the workday.

Romney Marsh Business Hub

Romney is buzzing with opportunity at the moment, with only three office spaces still available for businesses looking to join the community.

It's also a great time to remind everyone about our bright, flexible Co-Working space—perfect for freelancers, hybrid workers, or anyone who needs a professional base without the commitment of a full office.

Property Updates Continued

The new entrance doors at Clover House are now fully installed, giving the building a brighter, smoother and more welcoming arrival experience. This upgrade enhances both accessibility and security, helping us keep the centre modern and comfortable for everyone who uses it. We're delighted with the improvement and hope you enjoy the refreshed feel as much as we do.

Solar panel installation is now in progress at Clover House. Contractors are actively working on the roof as part of our investment in renewable energy and long-term efficiency. Once operational, the panels will help lower energy consumption and reinforce our commitment to sustainable building management.

Our Canterbury terrace is now open again, offering a bright, peaceful spot to step outside during your day. Whether you're taking a quiet moment with a coffee or catching up with colleagues in the fresh air, it's a lovely space to pause and reset as the season begins to lift.
